

Final Chance! Coding workshop starts this Wednesday 26th Feb – Book Now!

Dear Parents,

We're excited to announce that FutureProof Education will be hosting an after-school coding workshop for Year 5 & 6 students. These one-hour sessions will run every Wednesday, offering a fun and engaging introduction to coding.

This is your FINAL chance to secure a spot for your child before our first session on Wednesday, 26th February. Don't miss out, spaces are filling up fast!

About FutureProof Education

With over 20 years of teaching and industry experience in Computer Science, we've had the privilege of inspiring over 20,000 students to unleash their potential. At FutureProof Education, we're all about making learning exciting, empowering young minds, and having a laugh along the way because coding doesn't have to be serious to be impactful!

What will we be learning?

Through a mix of coding, using games and hands-on activities, we'll explore:

- Logic and strategy using block based coding software perfect for fostering problem-solving and computational thinking.
- Don't worry, no boring lectures here. It's all about making your child say, *"Wow, I didn't know I could do that, coding is so much fun"*

Life skills your child will gain:

- Problem-solving and analytical thinking
- Confidence, Creativity and perseverance because sometimes you have to debug more than once!
- Collaboration and teamwork, with activities designed to bring students together to solve fun challenges.

Secure your child's spot today by clicking on the link below and completing the registration form. Don't wait, this is an opportunity you don't want to miss!

See our website and below for more information.

We can't wait to see your child take their first steps into coding and build skills that will last a lifetime.

Warm regards,
FutureProof Education

PS: Coding is like a superpower. Let us help your child discover their inner hero.

COMPUTER CODING CLUB

@ Whitehall Primary School

Every Wednesday 15:15 - 16:15

Starts on 26th Feb - 26th March

FUTURE PROOF
EDUCATION

5 Week Program

Give your child a head start in the digital world!

Using interactive games, your child will learn the fundamentals of coding **Sequence, Selection & Iteration**, while developing essential life skills such as **Logical Thinking, Problem Solving, Perseverance, Self-Confidence and Collaboration** while having fun!

Only 20 places available - Secure your spot!

Book now - Scan the QR code or visit our website below!
