# Deaf AWARENESS

Deaf Awareness Week is a time to celebrate Deaf people, Deaf culture, and different ways of communicating. It raises awareness of what it means to be Deaf or have hearing loss, and encourages us to make our school more inclusive. It is also an opportunity to learn about British Sign Language (BSL), lip reading, and supportive technology.

In our school, we are proud to support our Deaf pupils, who will lead a special assembly on Tuesday to share their experiences and help us communicate more effectively.

Throughout the week, classes will take part in Deaf awareness lessons exploring hearing, sign languages, and inclusion. By learning and adapting how we communicate, we can break down barriers and create a school where everyone feels valued and has an equal voice.
